Born and raised in Lagos Nigeria, Emmanuel Davidson Oladejo aka DEO migrated to the United States to play pro soccer in New York and Europe. During his time in the U.S, Deo quickly discovered his passion and love for being in front of the camera and so he decided to create a YouTube Vlog which helped him gain a following and get very comfortable with being a public figure.

DEO's First project, "Mission Impossible" was a 7 track EP featuring Afro Hip Hop artist, Yung6ix on the second track "Ain't regular". The project quickly gained a ton of radio plays in Lagos Nigeria, clubs in the DMV area, Nashville, New York plus more. "Mission Impossible" acquired over 350k streaming on major streaming platforms and solidified DEO as an artist to watch.

DEO's Versatility and relatability has allowed him the opportunity to grace the stage with artists like Burna Boy, Davido, Zlatan, Michael Blackson and more. With all the new music he's set to release, there's no doubt that DEO is set to take the world by storm.
